3B7FQ - ST BRANDON

Rachid, 3B8FQ finally made the trip to St. Brandon. On Monday morning he was spotted on 30 meters working EU. He should be on St. Brandon until Thursday, Feb 12. QSL via K5XK.

JD1BMM - MINAMI TORISHIMA

Masa, JA6GXK is back on the island and quite active too. The last few days he has been spotted on 160, 80, 40 CW and 20 RTTY. You can QSL JD1BMM direct or via the JARL bureau. See page four for the direct address.

VK9AA - COCOS KEELING

Bernd, VK2IA tells me he will be going back to Cocos Keeling March 14-27. Activity will be 160-10 with CW/SSB. QSL via DL8YR.

ZS8T - MARION ISLAND

Petrus has been on the air. As a matter of fact, the first on-line log has been posted with the last entry on January 25th.

If you are interested, there are some recordings of QSOs with Petrus on the web site: <http://zs8t.net/>.

Lenny, K5OVC tells us he worked Elvira, IV3FSG, operating from Djibouti as J2ØSE. He believes this was the first YL operation from there in over 20 years. This contact marked his 316th YL country.

MIDWAY ISLAND

Editor: This was reported last week to email readers in the "cover message", but will be repeated here to preserve it in "hard copy."

Ranked # 24 on The DX Magazine's latest Most Wanted Survey. Midway is being opened for "visitors."

The following are pertinent portions of the announcement from the ARRL web site:

"The US Fish and Wildlife Service (USFWS) announced on Monday, January 26 that they would once again allow Amateur Radio operators the opportunity to operate from Midway Atoll. This the first time that USFWS has allowed amateurs to operate from the wildlife refuge since 2002. …… To ensure the safety of the wildlife on the Refuge, the USFWS said that Amateur Radio operations will be permitted for two weeks only, from October 5-19, 2009. "Radio operation will be allowed only within a designated area on the north side of Sand Island and the use of portable generators will not be permitted," said Midway Atoll Refuge Manager Matt D. Brown. "There is 120 V power available at the operation site." …….. "Although determined to be a wildlife-compatible activity," Brown said, "this [Amateur Radio] opportunity is being conducted on a trial basis." Brown has the authority to discontinue the activity at any time, based on wildlife protection and conservation goals. …… Since there are minimal facilities on the atoll, Brown said that lodging availability is very limited and will be on a first-come, first-served basis. "All Amateur Radio operators on Midway must secure lodging reservations, as camping is not permitted," Brown said."

For the full announcement by the US Fish & Wildlife Service, please see the ARRL web site:

<http://www.arrl.org/news/stories/2009/01/27/10596/?nc=1>

LoTW

With all of the big numbers being thrown around from Washington DC these days, there is one from ARRL that is pretty impressive too:

ARRL reports that K1LT was credited with the 200,000,000 QSO on LoTW. Yes folks that is **200--MILLION QSO's**.

If you are not using this fabulous service, you are really missing the best thing that has happened to DXCC since the computer became commonplace in our hamshacks.

I see that the LoTW has been made easier to use. Complete details are on the web at: <http://tinyurl.com/b5r9xg>.

In the current economic climate, you can save a ton of money using LoTW. Just think…. No more IRC's, no more dollar bills, no more return envelopes, etc., etc.

Silent Keys

Zedan Hussein Abbas "Abu Marwan" JY3ZH

(The following report from Lenny, K5OVC and Franz, DJ9ZB)

"'Abu Marwan' JY3ZH sadly became a silent key January 20th after 40 years of hamming. He was well known all over the world as he was the net control for the Arabian Knights Net on 14252. He is a great loss to Jordanian and Arab amateurs. 'Abu Marwan' the Godfather to Jordanian radio amateurs will always be in our hearts."

Gary Gompf, W7FG

Ward, NØAX reports: Gary, W7FG was the owner of Vintage Manuals and W7FG Antennas. If you needed a manual, Gary had it—no, he several copies of the manual. He died suddenly a few weeks ago, but if you knew Gary, or have a story to share, his daughter Jennifer, has started a web site in his memory:

<http://sites.google.com/site/w7fgsilentkey/Home>

IOTA NEWS

The IOTA net meets on 14260 kHz at 1300 UTC on Saturdays and on 21260 at 1300 UTC on Sundays. The following frequencies are considered as the meeting place for Island chasers: CW - 28040, 24920, 21040, 18098, 14040, 10114, 7030 and 3530 kHz; SSB - 28560, 28460, 24950, 21260, 18128, 14260, 7055 and 3765 kHz.

◆ **AS-115 - KEKOVA ISL (TA):** Rene, DL2JRM will be active signing TAØ/DL2JRM/p Feb 23-25. He will operate 40-10 CW. QSL to home call.

◆ **EU-038 - AMELAND (PA):** The PA3FKN PACC Team will be active Feb 14-15. The Ops number 12 and an extensive list of equipment is shown. For more details on this activity see the web site: <http://www.dx.to>.

◆ **EU-146 - SCHOUWEN DUIVELAND (PA):** Rene, DL2JRM will be here as PA/DL2JRM/p Feb 14-15. He plans to operate 80-10 CW. QSL to home call.

◆ **NA-102 - MARIE GALANTE ISL (FG):** Iiario, IV3CGJ will be active signing FG/IV3CGJ Feb 13-24. Operation will be holiday style on 80-10. QSL to home call.

DX-TRA's

◆ **5H1DF - TANZANIA:** Sigi, DL7DF will be active from here Feb 3-12. He'll be working all bands/modes with a linear & a vertical for the low bands.

◆ **7Q7 - MALAWI:**

7Q7AH: Daily DX is reporting that Alan, GØIAS will be in Malawi starting Feb 22 for a month. He will be using the station of 7Q7HB. Alan will work CW/SSB on 40 & 80 and SSB/Digital on the higher bands. QSL direct only to GØIAS.

7Q7HB: Harry will be in Malawi for several weeks. He like to work the digital modes and has been spotted the last few days on 20 RTTY. He apparently has repaired his amplifier and replaced the defective rotor. Harry works PSK and CW and will work SSB on request. QSL to GØIAS.

◆ **C6 - BAHAMAS:** Bob, N4BP/C6AKQ and Kevin, K4PG/C6APG will again be active here. Look for them Feb 18-22. They plan to operate 160 and either 40 or 80 in the ARRL CW contest. QSL to respective home call.

◆ **FH - MAYOTTE:** Phil, G3SWH and Richard, G3RWL will be active from Mayotte (AF-027) Feb 27 - Mar 5. Both will use one call, FH/G3SWH and will operate mostly CW on 80-10. Depending on the noise situation, they may try 160. Richard may also try some RTTY/PSK31. The plan is to have two stations on the air as much as possible every day. QSL to G3SWH.

◆ **HC - ECUADOR:** Rick, NE8Z is off to Ecuador again. View the HC/Ecuador and HC8/Galapagos DX Diplomas web site at: <http://webpages.charter.net/ne8z>. He will be active as follows:

Feb 20-27, HC1MD/HC4: Same & Tonsupa, Esmeraldas Province
Feb 28-Mar 8, HC1MD: Tumbaco, Pichincha Province

Rick will operate 160-10, CW/SSB. QSL via K8LJG.

◆ **H81L - PANAMA:** This special callsign will be used by the Radio Club of Panama and the Panama Canal Amateur Radio Assoc. from Lighthouse PAN-030 at Miraflores Locks, Panama Canal February 14-15. All modes/bands. QSL via HP1RCP.

◆ **HV6SP - VATICAN:** Daily DX is reporting that Francesco, IKØFVC has been active with this new callsign which stands for "Saint Peter." The site is just a few meters from the colonnade of St Peter's Basilica. QSL via IKØFVC.

◆ **J7N - DOMINICA:** John, K3TEJ will be active Feb 11-27. Activity will be CW/RTTY. John will participate in both the CQWW WPX RTTY contest and the ARRL CW contest. He plans to focus on 160 and the WARC bands outside of the contests. QSL to home call.

◆ **S79JF - SEYCHELLES:** Jan, DL7JAN will be active from Praslin Isl (AF-024) Feb 22 to Mar 6. He plans to be on 40-10, CW/SSB/RTTY and perhaps PSK31. QSL to home call.

◆ **SV9/DJ7RJ - CRETE:** Willi will be here for three weeks starting Feb 24. He usually operates CW/SSB. QSL to home call.

◆ **V8FHX - BRUNEI:** Sam, G4OHX says he will fly to Brunei on Feb 11 and stay until Feb 23. No other details given.

◆ **VP2M - MONTSERRAT:** Mike, W1USN; Scott, W1SSR and Bob, AA1M will be on Montserrat Feb 25 to Mar 7. They plan to operate CW/SSB/PSK31. They have asked for VP2MPR/W1USN and VP2MPL/AA1M but if those are not assigned they will be using VP2M/homecall. QSL to respective home call.

◆ **VQ9RD - CHAGOS:** Rick, KI1G will be active Feb 10-18. He may be active for the CQWW RTTY contest. QSL to home call.

◆ **YN2/H7 - NICARAGUA:** Andrei, NP3D will be active as H7/NP3D and/or YN2/EW1AR Feb 11-15. The activity will include the CQWW RTTY contest and he will use YN2S for the contest. QSL direct to NP3D. He adds: QSL via W3HNK or RW6HS is OK as well.

EY8 - QRT ON 160 FOR SEASON

Art, K9XJ passed along a note from Ken K4ZW who was in Tajikistan. Ken told Art, "Conditions on 160 meters were not all that great. I'm not sure we worked anyone in W9. We were operating from an old Soviet radio facility outside Dushanbe. Unfortunately we packed everything up this morning (Feb 1) so Nodir is basically done with low band activities for the season."

PATIENCE PAY OFF

Frank, K4BVQ called to tell me an interesting tale of QSLing. Frank worked ZS8MI in August of 1989 on 10 meters. After sending two requests over a long period of time, he just gave up on getting a card. Recently he got word that the operator of ZS8MI had moved to New Zealand. "What the heck, it's worth a try" said Frank. Off went a letter to Petr, ZL1CX explaining the situation. Wonder of wonders…. Not only a reply but the long sought after card was included. Twenty years may not be a record, but Frank sure is a happy camper with that card from Marion Island.

There is a change of address for Petr and that is listed on page four.

Do you need help finding QSL Managers
For the DX stations you work?
The GOLIST has the solution
GoWin
QSL Manager Search Program
GoWin contains over 72,000
QSL Manager records - updated weekly.
Also included in the data files are LoTW and
DXCC APPROVED operation records.
SECURE on-line ordering using VISA or MasterCard
